

Villa St Francois
Par Juigné Sarthe

How perfectly charming of you
O Geneviève Fauconnier, to send
me your lovely book! I kept
it for several days in its wrapping
and beautiful red sash - then when
I opened it and saw the inscription
I was very much touched - how it
is adorned with your picture, cut
from the New York Herald -

I wanted to know you before
you became famous - now I am
quite intimidated - but I still hope,
I hope the New Year will bring me
that pleasure and that it will bring
us all another 13 oaks from your
exquisite pen.

Very sincerely,
Fanny Delehaudy
